What's Happening

County Math Day @SMS	1-12
Saturday School	1-19
No School MLK Day	1-21
Cheer OVAC	2-2
State Swim Meet	2-14 2-15

Student Council Supports a Community Need

Student Council is currently asking for donations of hats, gloves, and scarfs for charity. They will be collecting items until January 18th. All donations can be brought to Mrs. G's room. Student Council will donate items to a Marshall County elementary for students in need. Student Council President, Jewell Kesslering wanted to offer the group community service while supporting her community. Thanks for leading this project, Mrs. G and Jewell.

Total Registration: A New AP Service

JMHS is using Total Registration to register students for AP testing services. The link to register for AP Exams is on the John Marshall High School website. By using this service, students and families can request waivers, and they can pay for tests with credit, debit, or check.

1,000 Points for Derrow and Straughn

Two Monarchs were recognized for their basketball skills this past month. Alumna Avery Derrow was honored and presented with her 1,000 point basketball this past week. She is one of ten players in school history to score 1,000 career points. Her sister, Tori Derrow, was also one of these ten players to hit 1,000 points. In addition, Senior Shay Straughn hit 1,000 points and will be presented with her award next year. Coach Brock Melko is proud not only of these players but of his entire team. Their efforts this season have led them to a record so far of 8 wins and only 2 losses. At the end of December, the girls' team was tied for 2nd in OVAC rankings in the 5A class. Well done, ladies!

Math Day Competition

Mrs. Reuther and Mrs. Holmes have been working to organize and prepare our students for Math Day on January 12th at Sherrard Middle School. Concept review sessions are being held in Mrs. Holmes' room on Monday, Tuesday, and Friday during AOC next week for grades 10-12. Every year, John Marshall excels in the county rankings for math day and has students attend the re-

School Gym Painting

Over the Christmas break, Petticord and Sons painted our school gym. The gym was deep cleaned and sprayed from ceiling to floor, providing a clean fresh look. The gym being painted completes the updates to the activities building. The gym is used extensively in the evenings and weekends. It also serves as a Freshman practice facility for volleyball and basketball, as those students are unable to drive yet and can practice right after school. After one week, we have already received numerous compliments from the staff and community. With the new lighting and paint, the facility is now ideal for the academic and performance programs that also utilize the space.

How you make your students feel about themselves says a lot about you.

Better Together, Learning as One!
