

Dental Academy

Our current students will be among the first to welcome you for your visit. It's important for interested students to hear from students, first-hand, what it is like in dental school.

Find your path

Our Dental Academy removes some of the burden of deciding a future career path. We strive to recruit talented West Virginia high school students who have a desire to become dentists.

Participants join our dental students and faculty in an academic setting that includes seminar and hands-on laboratory experiences.

By the end of the day, Dental Academy members should be able to determine if they have a passion for clinical care, oral health and transforming the lives of patients.

Qualified recruits

If you are a high school student from West Virginia who is a rising 9th through 12th grader, the WVU School of Dentistry Dental Academy is for you.

Each student must be accompanied by at least one parent/guardian.

There is no registration fee and lunch will be provided at no cost. However, workshop participants are responsible for their transportation to this event.

Space is limited to 20 participants on a first come, first serve basis.

Join us

Saturday, June 8, 2019
8:00 a.m. - 4:00 p.m.
WVU School of Dentistry
Health Sciences Center
Morgantown, WV

Register

Early registration is recommended.
