

Guidance Office
John Marshall High School

Dear Guidance Staff,

Greetings from West Virginia Wesleyan College! As Head Coach of West Virginia's first Intercollegiate esports program, I am reaching out to ask for your help and to offer you mine.

Collegiate Esports continues amazing growth Worldwide. Esports competition teaches students problem-solving skills, teamwork, communication, and often appeals to students in STEM fields and a wide variety of Majors. To reward this type of talent, WVWC awards scholarships ranging up to \$6,000 yearly that are able to be combined with our robust academic awards (\$13,000-15,000 yearly) and the WV Promise Scholarship. Many students don't know they can receive these scholarships for doing something they are so passionate about.

We are seeking referrals for students to join our team this fall and for future terms. If you or your colleagues know of a student or students who would be ideal for our program, I encourage you to refer them to me directly:

Mobile Phone: 304-473-8525

Email: hayes.e@wvwc.edu

In fact, any student you refer who applies and is accepted to West Virginia Wesleyan will receive a minimum \$1,000 yearly (\$4,000 total) Esports scholarship!

I have provided some fliers for your convenience that I hope you share with students. In addition, I'd like to offer my services to your school. If students are interested in learning more about Esports I'd be happy to connect with them directly or through a presentation to any group. Similarly, if your school is interested in starting an Esports program, I'd love the chance to aid your staff in doing so. It is our hope that esports becomes a state-wide phenomenon in the years to come with low travel costs and infrastructure for schools and amazing opportunities for students who often may not have an outlet.

Thank you for all you do for students and for your time and consideration. I hope to hear from you very soon!
